Morning All,

Please find the attached IHS handouts per our earlier conference call. A lot of this is for informational purposes (anticipated questions based on previous HTC presentations) and does not need to be talked about in depth at the meeting as the primary purpose is for HAMP.

If you would like to track changes to the word doc or send me other things, I can compile everyone's comments and information into one set of handouts. The goal is to have whatever is going over to the Tribal Secretary via HUC for distribution prepared by the end of the week.

Thanks,

Jesse
